ANNEXURE-A (Director's Report)

Disclosure Pursuant to Section 134(3)(m) of the Companies Act, 2013 read with Rule 8(3) of The Companies (Accounts) Rules, 2014) and forming part of the Directors' Report for the year ended March 31, 2019

a) CONSERVATION OF ENERGY

The Company has developed a novel process for reducing energy and water requirements in paddy parboiling process. As a result the water consumption and energy expenditure in mechanical parboiling of paddy is greatly reduced. The Company has also developed the novel process of recycling of most of hot water used for soaking of paddy during parboiling of rice, thereby generating little waste water and still having a high quality product. Consequently any chance of earth pollution from this process is completely ruled out. The energy and water consumption utilized about just one third of that available with the company and such saved energy and water to the tune of two third can be utilized for other productive purposes. Due to this innovation at our rice parboiling plant, overall fuel consumption in this section is reduced resulting conservation of energy. Company has also eliminated the typical off-odour emanating from the paddy soaking tanks resulting great reduction in ground water pollution.

b) TECHNOLOGY ABSORPTION

The Company believes Technology Absorption, Adaptation and Innovation is an on-going process. As technology is changing day by day, Company plans to be a leading player in technology introduction through innovative products, therefore Company has kept itself informed on the latest trends in technology related to the business of the Company. This has helped your Company to continuously improve the manufacturing processes, improve efficiencies and develop new products. Further Company is introducing a new aerodynamic system for classification of paddy so that processing can be improved. Healthy and weak grain will be processed separately. Rice from weak grain, which gets crushed into small/fine particles and lost in rice bran, will be now recovered. With this technology quality of rice and rice bran will be improve. Further recovery of high protein rice grains will be separately possible and total rice recovery will also be improved.

(i) Research And Development (R&D)

Various R&D initiatives were undertaken which have resulted in :

Development of a system and method for parboiling paddy that obviates husk of paddy from splitting

Development of 100% insect killing technique by using 1/3rd of Pesticides

Development of quick cooking Brown Rice;

Use of Neem as Bio-pesticide;

Improvement in Parboiling for improvement in quality parameters;

Use of Plastic Buckets in parboiling plant thus reducing cost;

Development of Bhatti Sella through automation for the first time in India;

Reducing broken in paddy with very high sun checks under process.

Rice bran stabilization for human consumption under process.

Making bio-compost from waste and reject of paddy under process.

ii) Benefits derived as a result of the above efforts Improvement in existing process and product quality, less qualities variations, improved productivity, cost reduction and reduction in air and water pollution, financial savings.

iii) Future plan of action.

The Company will try to assist any R & D Unit of any academy /University and will continue to work on energy efficient process and also put all efforts to enlarge the scope of Agri-inputs options, Improvement of plant and process and resource use efficiencies,

iv) Expenditure on R & D.

Wages, salaries, stores, spares & consumable used for R&D activities have been debited to Respective Heads.

c) FOREIGN EXCHANGE EARNING & OUTGO :

The information in this regard is provided in Notes of Accounts.

8. Justification for unspent money out of 2% of the average net profit of last 3 (three) financial years:

As per Section 135 of Companies Act, 2013, the Company was required to spend Rs. 11683231/- towards CSR activities out of which Rs. 4921298 /- was utilized on activities specified in Schedule VII of the Companies Act, 2013. The Company considers social responsibility as an integral part of its business activities and endeavors to utilise allocable CSR budget for the maximum benefit of the society.

During the year the Company undertook various CSR Projects and has a meeting with various CSR consultants of the repute to have the CSR Budget of the Company fully utilized. We believe that every citizen of India must be educated and for this Company is continuously putting its efforts to provide maximum help to needy students and for this officials of Company are doing meeting with various schools and colleges belonging to urban, rural and village areas of city. Company is continuously doing various CSR activities under this sector and in future also Company is looking forward to implement project based on need of people. Besides education Company is also doing CSR activities for welfare of farmers and further helping people belonging to village and rural area by giving them free ration for eradication of hunger and poverty.

Further Company is also doing meeting with various schools, colleges, people, agencies and authorities so that ground need of people can be understand and accordingly various new projects can be implemented. In future Company is also planning to implement one project on large scale basis for welfare of farmers as after understanding their needs we reached to conclusion that if good education or training will be provided to farmers it can increase their capacity both production wise and income wise. So for this Company is taking every step for implementation of this project. This year also Company has undertaken this project for welfare of farmers but that was on small scale basis, however now Company wants to cover maximum farmers and for this Company is doing meeting with various people for implementation of this project.

During the year, the Company was unable to contribute Rs. 11683231/- towards CSR activities, however Company could spend only Rs. 4921298/-

During the year, CSR committee of Chaman Lal Setia exports Ltd. Met 3 times to discuss the CSR initiatives.

The CSR activities are scalable with few new initiatives that may be considered in future and moving forward the Company will endeavor to spend the complete amount on CSR activities in accordance with the prescribed limits. Company is continuously meeting with different agencies, people and respective community for CSR projects and looking for new projects so that Company can spend full amount as per prescribed limits.

- 9. The CSR Committee confirms that the implementation and monitoring of the CSR Policy, is in compliance with the CSR objectives and Policy of the Company.**

Management Discussion and Analysis

1. Indian Economy

India is and continues to be one of the fastest-growing major economies in the world. India's GDP grew at 6.8% in FY19 down from a high of 8.2% in FY17. Medium-term growth challenges include uplifting growth to its potential of 8% plus, which requires a robust employment-oriented growth strategy. The external environment continues to pose a constant challenge to India's economic growth, global economic growth is expected to witness a slowdown in the next two years by most of the multilateral agencies like IMF, World Bank, and OCED. India's growth, for the foreseeable time, would be depended on domestic consumption, since net exports will be contributing negatively to the GDP growth. On the monetary side, three consecutive repo rate reductions of 25 basis points each have been introduced in FY19 by the RBI. In order to increase credit, banks may need to increase the transmission rate, which has so far been only fractional. This combined with a fiscal stimulus would enable recovery in the next few quarters and a sustained increase in India's growth in the medium term. India is the world's seventh largest economy in real terms, backed by strong demand, positive consumption pattern and rising disposable income. In PPP terms, the economy is expected to be among the top five global economies by 2020.

1.2 Global Economy

One year ago, economic activity was accelerating in almost all regions of the world and the global economy was projected to grow at 3.9 percent in 2018 and 2019. One year later, much has changed: the escalation of US–China trade tensions, macroeconomic stress in Argentina and Turkey, disruptions to the auto sector in Germany, tighter credit policies in China, and financial tightening alongside the normalization of monetary policy in the larger advanced economies have all contributed to a significantly weakened global expansion, especially in the second half of 2018. With this weakness expected to persist into the first half of 2019, the World Economic Outlook (WEO) projects a decline in growth in 2019 for 70 percent of the global economy. Global growth, which peaked at close to 4 percent in 2017, softened to 3.6 percent in 2018 and is projected to decline further to 3.3 percent in 2019. Although a 3.3 percent global expansion is still reasonable, the outlook for many countries is very challenging, with considerable uncertainties in the short term, especially as advanced-economy growth rates converge toward their modest long-term potential. While 2019 started out on a weak footing, a pickup is expected in the second half of the year. This pickup is supported by significant policy accommodation by major economies, made possible by the absence of inflationary pressures despite closing output gaps. The US Federal Reserve, in response to rising global risks, paused interest rate increases and signaled no increases for the rest of the year. The European Central Bank, the Bank of Japan, and the Bank of England have all shifted to a more accommodative stance. China has ramped up its fiscal and monetary stimulus to counter the negative effect of trade tariffs. Furthermore, the outlook for US–China trade tensions have improved as the prospects of a trade agreement take shape.

Indian Agriculture Sector

Agriculture is the primary source of livelihood for about 58 percent of India's population. Gross Value Added by agriculture, forestry, and fishing is estimated at Rs 18.53 trillion (US\$ 271.00 billion) in FY18. During the 2017-18* crop year, food grain production is estimated at record 284.83 million tonnes. In 2018-19, the Government of India is targeting foodgrain production of 285.2 million tonnes. As of September 2018, the total area sown with Kharif crops in India reached 105.78 million hectares. Total agricultural exports from India grew at a CAGR of 16.45 percent over FY10-18 to reach US\$ 38.21 billion in FY18. In FY2019 agriculture exports were US\$ 38.54 billion. India is also the largest producer, consumer, and exporter of spices and spice products. Spice exports from India reached US\$ 3.1 billion in 2017-18. Tea exports from India reached a 36 year high of 240.68 million kgs in CY 2017 while coffee exports reached record 395,000 tonnes in 2017-18.

Indian Rice Industry

Rice is one of the most crucial food crops in the world and a staple diet for nearly half the global population. Over 90% of the global rice output and consumption is centered in Asia, where in the world's largest rice producers, China and India, are also the world's largest rice consumers. Rice is the most important food crop in India contributing to more than 40 percent of total food grain production and cultivated/consumed across the country. Rice is predominantly a rainfed crop planted in the Kharif season after the onset of south-west monsoon rains from June through August.

India is the second-largest producer of rice in the world. Throughout history as per the Archeological evidence, rice has been one of man's most important foods for more than 5000 years. Today, this unique grain helps sustain two-thirds of the world's population. The major rice-producing states in India are West Bengal, Uttar Pradesh, Andhra Pradesh, Odisha, Bihar, Andhra Pradesh, Assam, Tamil Nadu, Punjab, and Karnataka.

As per 3rd Advance Estimates by the Ministry of Agriculture, the estimated production of rice during the year 2017-18 is 111.52 million tonnes. Production of rice has increased by 1.82 million tonnes than the production of 109.70 million tonnes during the year 2016-17. It is also higher by 5.22 million tonnes than the last five years' average production of 106.29 million tonnes.

Basmati Rice

Among the several varieties of rice, Basmati is considered the most superior in terms of product characteristics and, therefore, the most premium. "Basmati" is long grain aromatic rice grown for many centuries in the specific geographical area, at the Himalayan foothills of Indian sub-continent, blessed with characteristics extra-long slender grains that elongate at least twice of their original size with a characteristics soft and fluffy texture upon cooking, delicious taste, superior aroma, and distinct flavor, Basmati rice is unique among other aromatic long-grain rice varieties.

The Geographical Indicated (GI) Protection has been specially conceived for well-known specialty products that are associated with a particular region. Geographical Indication is a form of Intellectual Property Right (IPR) included along with other IPR forms like patents and copyrights, in the Trade Related Intellectual Property Rights (TRIPs) section of GATT/WTO. The long grain aromatic rice grown in the foothills of the Indo-Gangetic plain has been given GI and bars other players from using the term Basmati rice in India. The GI would provide protection as it would bar other countries from using the term 'basmati' which is a higher quality product and commands premium pricing. Basmati rice can only be cultivated in India and Pakistan, which makes them the sole supplier of basmati in the world. India accounts for over 70% of the world's basmati rice production.

Currently, there are 32 Notified Basmati Varieties under Section 5 of Seed Act, 1966 of India. The main varieties of Basmati rice as notified under the seeds Act, 1966 are Basmati 386, Basmati 217, Ranbir Basmati, Karnal Local/ Taraori Basmati, Basmati 370, Type-3 (Dehradooni Basmati), Pusa Basmati-1, Pusa Basmati 1121, Punjab Basmati-1, Haryana Basmati- 1, Kasturi and Mahi Sugandha. Pusa Basmati 1121 developed by the Indian Agricultural Research Institute (IARI) and released for commercial cultivation in Kharif season of 2003 is the most widely used variety as it requires less water, matures early and yields 19–20 quintals of paddy per acre as compared to 9–10 quintals for traditional tall basmati.

India is the leading exporter of Basmati Rice to the global market. The country has exported 4.41 MMT of Basmati Rice to the world for the worth of Rs. 32,804 cr during FY19. This compares with 7.59 MMT of non-basmati rice exported in FY19.

ANNEXURE B TO THE INDEPENDENT AUDITORS' REPORT – 31ST MARCH 2019

(Refer to in our report of even date)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Chaman Lal Setia Exports Ltd. ("the Company") as of 31st March, 2019 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013. ("the Act").

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, as specified under Section 143 (10) of the Companies Act, 2013 issued by ICAI and deemed to be prescribed under Section 143(10) of the Act, to the extent applicable, to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors' judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of IND AS financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the Ind AS financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2019, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31.03.2019

1. Company Overview

Your company has been running successfully into rice business since 1973. The long outstanding experience of the Directors has helped the Company to expand its global footprint. your Company's diverse product line covers product like Sella Rice, Bhatti Sella Rice for Diabetic peoples ,Smoked rice, Pesticide Residue free rice. Company's uses its strong relationship with Domestic and Global Business partners for market penetration and presence. Company has introduced newer policies and strategies to facilitate development further.

Disclosures under Ind AS are made only in respect of material items and in respect of the items that will be useful to the users of financial statements in making economic decisions.

The financial statements for the year ended 31st March 2019 (including comparatives) are duly adopted by the Board on 29.05.2019 for consideration and approval by shareholders.

2) Significant Accounting Policies:

This note provides a list of the significant accounting policies adopted in the preparation of these financial statements. These policies have been consistently applied to all the periods presented, unless otherwise stated.

(2.1) Compliance with IND AS

The Company has adopted the Indian Accounting Standard ('IND AS') w.e.f. 01.04.2017. These financial statements have been prepared in accordance with the recognition and measurement principles stated therein and as prescribed under section 133 of the Companies Act, 2013 read with relevant rules issued thereunder and the other accounting principles generally accepted in India.

(2.2) Basis of Preparation

These financial statements of the Company have been prepared in accordance with Indian Accounting Standards ("IND AS") as notified by Ministry of Corporate Affairs pursuant to section 133 of the Companies Act, 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 as amended.

(i) Historical Cost Convention

The Financial Statements have been prepared on the historical cost convention on going concern basis. The accounting policies are applied consistently to all the periods presented in the financial statements, including the preparation of the opening Ind AS Balance Sheet as at April 01, 2016 being the 'date of transition to Ind AS'.

(ii) Classification of assets and liabilities

The classification of assets and liabilities into current and non-current, wherever applicable, are based on normal operating cycles of business activities of the Company, which is twelve months.

2.2 Summary of Significant Accounting Policies :

a) Property, Plant and Equipment including Intangible Assets:-

Freehold Land is stated at Original cost of acquisition. All other items of Property, Plant and Equipment are shown at cost less accumulated depreciation and impairment, if any. The cost of an item of property, plant

and equipment comprises its cost of acquisition/installation inclusive of Freight, duties and other taxes or levies and any cost directly attributable to the acquisition/construction of those item; an trade discounts, subsidy and rebates are deducted in arriving at the cost of acquisition.

Subsequent cost are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance are charged to statement of profit or loss during the reporting period in which they are incurred. Gain or losses arising on disposal of property, plant and equipment are recognised in profit or loss.

b) Capital Work in Progress

Property, Plant and equipment under construction are disclosed as capital work in progress.

c) Depreciation and amortization :-

Depreciation has been provided based on useful life assigned to each asset in accordance with Schedule II of the Companies Act, 2013. The residual values are not more than 5% of the original cost of the asset.

3. Use of Estimates and Judgments

The preparation of the Financial Statements in conformity with Ind AS requires management to make certain assumptions, Judgements and estimates that effect the reported amount, the Financial Statements and notes thereto. Difference, if any, between the actual and the estimate is recognised in the year in which the same are acknowledged/ materialized.

4 Revenue Recognition

Revenue from sale of goods is recognised when all the significant risk and rewards of ownership in the goods are transferred to the buyer as per the terms of the contract, there is no continuing managerial involvement with the goods and the amount of revenue can be measured reliably. On recognition of revenue the Company retains no effective control of the goods transferred to a degree usually associated with ownership and no significant uncertainty exists regarding the amount of the consideration that will be derived from the sale of goods. Revenue is measured at fair value of the consideration received or receivable, export sales are adjusted for exchange fluctuations on exports realized during the year and the trade receivable in foreign exchange which are restated at the year end. Domestic sales are recognized net of discounts, Scheme on Sales, Sales Tax, Sale Returns and Excise Duty.

Revenue in respect of Insurance / others claims, Interest, Commission, etc. is recognised only when it is reasonably certain that the ultimate collection will be made

5. Dividend to equity shareholders

Dividend to equity shareholders is recognized as a liability and deducted from shareholders' equity, in the period in which dividend are approved by the equity shareholders in the general meeting in other words when right to receive the payment is established.

6. Leases

In respect of operating lease, lease rentals are accounted on accrual basis in accordance with the respective lease agreements. However there is no lease as on the date.

Leases under which the Company assumes substantially all the risks and rewards of ownership are classified as finance leases. When acquired, such assets are capitalized at fair value or present value of the minimum lease payments at the inception of the lease, whichever is lower. Lease payments under operating leases are charged to profit or loss on a straight-line basis over the period of the lease unless the payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases.
